Ready Jet Go (Video)

Curiosity about space starts very early. As soon as kids are old enough to look up at the night sky, they begin to wonder: what is up there? Is there life somewhere, impossibly far away? Can we get there? Who better to ask about space than someone who's actually been there – an alien boy named Jet Propulsion! READY JET GO! is a kid's first introduction to space, earth science, and technology, presented in an entertaining and engaging way that will inspire a life-long interest. Kids ages 3 to 8 will be learning alongside a seasoned space traveler. As an alien from Borton 7, Jet sees our Planet Earth like we want our kids to see it: with a sense of curiosity and wonder. READY JET GO! airs on WHRO 15.1 Monday – Friday at 7:30 am & Sundays 9:00 and daily on WHRO KIDS 15.3 4:00 pm.

Wild Kratts (Video)

Join the adventures of Chris and Martin Kratt as they encounter incredible wild animals, combining science education with fun and adventure, while traveling to animal habitats around the globe. Each adventure explores an age-appropriate science concept central to an animal's life and showcases a never-before-seen wildlife moment. It's all wrapped up in engaging stories of adventure, mystery, rescue, and the Kratt brothers' brand of laugh-out-loud-comedy that kids love. Wild Kratts airs on WHRO 15.1 Monday – Friday at 7:00 am & Sundays 9:30 am and daily on WHRO KIDS 15.3 5:00 pm and 8:00 pm.
