EVENT
SUGGESTION

It's a Birthday Party in the Jungle of Nool!

Horton and his friends are throwing a birthday party in the Jungle of Nool, but they don't have any party supplies. Help them gather all the things they will need for the party. Ask the children to sit in a circle. The event leader will ask one child what he/she would bring to the party. That child will stand up and announce a party item. After the first child sits, the child to his/her left will stand up and announce what the first child would bring PLUS what he/she would bring. After the second child sits, the third will stand and announce what the first two are bringing PLUS a new item, and so on. Below are a few ideas to start with!
