

- Each competitor should review competition information with their teacher/coach prior to the competition day!
- Please review any specific software for the competition challenge.
- Participate in the test event that will be held on May 13, 2022 to test equipment and take a screenshot of your team in Zoom. This will be used for the award ceremony presentation.
- Please follow up with WHRO with any questions.

#### Each competitor should have the following –

- Access to a device for the duration of competition. The device should have a webcam and mic.
  - If teams are in a classroom setting, be sure each team has a camera and each student is visible the entire competition time.
  - If the teams are in a classroom setting with only one computer logged into Zoom, be sure we know which Zoom account will be used so the breakout rooms will work correctly.
- Access to reliable internet
- Access to Zoom. An account is required (can use the free version). We recommend installing the Zoom client as well for the best experience.
- Ability to share screen/desktop
- Access to and ability to upload to Google Drive. An account is needed. **Be sure to use the email address given at registration.**

Please note that loss of internet/power will not result in any additional competition time.

### Sequence of Events

- 9:00 a.m.** – Enter the Zoom meeting for your challenge. Zoom link provided in your registration information. Teams will check-in in their Zoom meeting room. Please make sure the host/monitors know that your team is present. Registration information was emailed to the coaches and t-shirt(s) were mailed to the schools.
  - Note: Admittance may take a few minutes as the hosts/monitors will be checking teams in. Please wait.
  - Test your camera and your microphone.
